550,000 Acres Selected
Pine and Farming Land
IN MICHIGAN.
THE SAINT MARY'S FALLS
SHIP CANAL COMPANY
OFFER for sale these lands, which are principally situated in the lower Peninsula of Michigan, on and in the vicinity of the large streams and rivers, easy of access, and selected under more favorable circumstances than
Any other Western Lands,
Were chosen with particular reference to their location on the streams and the quantity and quality of the pine timber. On this account,
For Lumbering Purposes,
They are very desirable and valuable. The streams are large, and capable of floating logs at all seasons of the year, with harbors at their mouths, on the Lake. At many of these points settlements and extensive lumber operations are formed and conducted with uniform success, proving already the most profitable lumber operations in the Union, and having access, by means of late navigation to
CHICAGO, DETROIT
and the other great Lumber Markets of the country.
Tracts of from 40 to 10,000 acres
will be found at convenient points, affording opportunities for either a small or the most extensive lumbering operations. A large portion of these Lands are among
The Best Farming Lands of the West,
and as they contain enough of the FINEST PINE TIMBER to more than pay for the land, fencing, moderate buildings, and other improvements, offer very superior inducements to farmers seeking a western home.
The Climate is Mild and Equable,
and soil and climate both suited to all the grains, fruits, and produce raised in the most favored portions of the West.
Companies of 10, 15 or 20 Persons,
with their families, will find location just suited to the formation of a settlement, with good water power, and convenient access to neighboring settlements.
TERMS:
One-fifth will be required at the date of sale, and the balance in one, two, three and four years, with interest at six per cent. per annum.
The Company have full and complete descriptions of each tract of their lands, from actual exploration by several different parties with accurate maps of each township, according to government surveys. These may be seen at the
Land Office of the Company in Detroit, Michigan.
Copies of Maps, field notes, and other information concerning the lands will be furnished, without charge, to those wishing to purchase.
☞ Large Maps of the State, showing the lands of the Company, will be found at public places in most of the principal towns in the Eastern and North-western States. GEO. S. FROST,
St. Marys Falls Ship Canal Company's Land Office, Detroit, Nov. 1, 56. Land Agent. 3m

STANLEY HOUSE,
WATER STREET, AUGUSTA, ME.
G. W. RICKER, would respectfully announce to the Travelling Public that he has re-opened the Stanley House, Augusta, and furnished it throughout with NEW and ELEGANT FURNITURE, and made every arrangement necessary to conducting it as a First Class Hotel.
This is the most centrally located House in the city, being directly opposite the Depot and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes walk from the State House.
Business men, or persons traveling for pleasure, will find that this House affords every convenience or luxury that can be desired, and the Proprietor is determined to spare no pains to make it a very respectable resort for one in the State.
Books for all Stages leaving town will be kept at this House.
In connection with the above are good Stables with attentive and careful Hostlers.

THE HATCH HOUSE,
Main Street, Bangor, Maine.
This House has been thoroughly repaired, refitted and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.
It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & H. R. R. road, to and from which Coaches are always in readiness to convey passengers.
Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.
Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.
By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage. NATHAN PERRY, Jr.

LINCOLN'S
WATER PROOF BLACKING,
AND LEATHER PRESERVATIVE.
Keep your Feet dry, and you will seldom need a Physician.
IS it not a truth that when the feet are cold and wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is first wet and dried, it becomes hard, stiff, and cracks; but when this water-proof blacking is used, it remains soft, and entirely impervious to water.
After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experiment on different compositions, and found it easy to make it water-proof, but for the time time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonized with the astringent properties with which leather is tanned. It will not only make leather water-proof, but it likewise softens the leather, and it will
Positively wear twice as long.
I have now used it for three years, and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

A SURE PRIZE!
For Every Tenth Person!
CHANCE FOR A GRAND PIANO,
FOR EVERYBODY,
ONLY TWO DOLLARS!!
400 *Beautiful Gold Watches*, 100 *Rosewood Grand Piano Fortes*; *Ladies' Bracelets, Watch Chains, Breast Pins, Diamond Rings, and Silver Spoons*
TO BE GIVEN AWAY.
Encouraged by the success which has attended the publication of *LESLIE'S ILLUSTRATED NEWSPAPER*, which is now closing its second volume, the Proprietor has determined to return to his numerous subscribers a portion of his profits in the following manner:
Every tenth subscriber will have his money returned to the next man, and the paper will be sent *gratuitously* for his term of subscription.
Thus in every 1000 subscribers, 100 will have their money returned, and the paper sent for Six Months when they remit Two Dollars, and Twelve Months when they remit $4.
Every subscription, as it is received, by letter or otherwise, at his Office, 12 Spruce-st., New York, will be registered in a book kept by the Proprietor himself.
The Prize numbers will be 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 in each hundred. Persons obtaining any of these numbers will have their money returned and the paper sent free, as above.
Persons obtaining the following numbers in every thousand, in addition to the return of their subscription money as above, will receive the following prizes:
No. 100, Lady's Gold Bracelet
" 200, Gentleman's Gold Watch Chain.
" 300, Gold Watch, (Lady's or Gent's.)
" 400, Lady's Gold Chatelaine.
" 500, Set of Silver Teaspoons.
" 600, Gold Breast Pin.
" 700, Gold Watch, (Lady's or Gent's.)
" 800, Diamond Ring, (Lady's or Gent's.)
" 900, Set of Silver Dessert Spoons.
" 1,000, Grand Rosewood Pianoforte.
These prizes will be given to the same numbers in each and every thousand, in addition to the subscription money being returned and paper sent free to each and every tenth subscriber, as above stated.
This subscription book was opened October 20, 1856, in which all future subscriptions will be registered.
Every person whose money is returned, or who is the recipient of either of the above prizes, will be required to furnish an acknowledgement of the same, and their names will be published from time to time in the advertising columns of Leslie's Illustrated Newspaper.
It should be borne in mind that every subscriber under all circumstances, whether the recipient of a prize or not, will get more than a full equivalent for his money in the paper itself. This is the only Illustrated Newspaper in the United States.
CLUBBING.—Persons sending in Eleven Subscribers are certain to receive back one subscription, and have a chance for two; for example, on the receipt of the eleven subscriptions, the last number on the books might be 80—the eleven additional subscribers will then include two prizes.
FRANK LESLIE'S ILLUSTRATED NEWSPAPER.—The first numbers of Frank Leslie's Illustrated Paper have come to hand. In style and general appearance it resembles—and is quite equal to—the London Illustrated News, which is world-renowned for the excellence and variety of its illustrations. The New York paper, however, is and at half the price of its London prototype. The engravings in *Frank Leslie* are infinitely superior to those in *Bolton's Pictorial*.—*Whig, Boston, Post.*

SUPERIOR TO ALL OTHERS,
We are now issuing
The Progressive Readers,
By SALEM TOWNE, LL.D.,
and N. M. M. HOLBROOK.
THESE are emphatically and in all respects the Best School Books ever published, and we are confident will take the lead among all Readers. The authors are successful *practical* teachers and elocutionists and popular authors have been long and favorably known, and their names alone are a sufficient guarantee for the high character of the Books; but in order to secure the highest possible degree of perfection in every department the services of an efficient corps of other educational and literary men have been employed in collaborating.
The elementary books are beautifully illustrated by the best artists of the country, and the appearance and mechanical execution of the whole series is in advance of any else all others.
School Committees, Teachers, and others, are requested to examine for themselves. Copies furnished free for examination at our stores, or sent by mail on receipt of stamps to cover the postage. Postage rates are for the First Reader 6 cents; Second 12 cents; Third 16 cents; Fourth 18 cents; Fifth 24 cents. The series consists of the following:—

ANTAGONISTIC
To Prejudice and Empiricism!
OLD DR. CULVERWELL'S
(Member of the Royal College of Surgeons (Eng.) Licentiate of the Hall (1844), and 23 years Medical Referee &c.)
Radical Regenerator,
FOR SEMINAL WEAKNESS,
In all its forms, as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Vitality, Impotency, and all diseases arising from early indiscretion.
This excellent Remedy, discovered by the world renowned Dr. CULVERWELL, of London, the most successful practitioner in his line, for the last 30 years, is now for the first time offered to the afflicted, in the fullest confidence of its extraordinary virtues. Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to, in medical, surgical or other way, to arrest and to cure this awful disease. A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars, which up to this date could not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public could not be risked, were its superiority over every nostrum heretofore employed for the same purpose not in a guarantee that its employment by one person would, through recommendation, result in an ample sale to many.
Dr. Culverwell's admirable and entirely novel plan of treating these diseases, is, in the interest of the public, recommended to physicians throughout the land, to whom every facility will be afforded for testing, his wonderful efficacy in their private practice.
Pen and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR—REMEDY, so as to enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded by mail, free of postage, to any part of the country. Address, Messrs. HODGMAN & CO., Druggists and Apothecaries, 138 Grand-St., New York, Sole Agents for the United States and Canada. Nov. 19. d&wly.

Card to the Public.
Bickford defines his position!
I MUST TELL my numerous friends, the good humored public, that my arrangements for the winter season are now completed, by which I am to be daily supplied with abundance of OYSTERS, FRESH FISH, CHOICE MEAT, and other articles for the supply of my Stalls at the Market House.
Speaking of OYSTERS—I wish it understood that I furnish them raw, or cooked in any style, cold or hot, at my Eating Room, or to families or parties at any time or any place. If you wish to refresh your friends with a really nice *Oyster Stew*, let Bickford know it, and it shall appear upon your table, as if by the enchantment of Aladdin's Lamp. So, too, of the richest PASTRY, in all varieties.
FRESH FISH, in all their varieties, in their season.
FRUITS AND VEGETABLES.
☞ Bickford is devotedly thankful for past favors, and looks hopefully forward to the future. Allow me to say parenthetically, and almost parenthetically, that the times are getting tighter here, and therefore it is all important that those who have neglected to pay their little bills should do so at once, for I wish to be on friendly terms with every body.
My Eating Stall at the Market is elegantly supplied, and will be found exceedingly convenient for strangers, gentlemen and ladies, and for those detained from their meals.
Call in—call in out—and all will be well.
Ever and forevermore,
THOMAS BICKFORD.

TO CONSUMERS OF
PICKLES.
BELIEVING that the Public have become tired of purchasing Pickles in Pickledes, holding in mon yizzes, fifty per cent less than represented, we have commenced putting up, in addition to our present stock, one jar, an article which we are labelling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are legibly stamped on the glass, with their exact contents in ounces—thus enabling the consumer to verify their truth.
These Extra Pickles are put up with every regard to style, quality and flavor, and will be sold at fairly remunerating prices.
We have made no change in our manner of Greening Pickles, never having resorted to any deleterious means to attain this end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Vitriol or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.

Settlement of Claims between the U. S. and Great Britain.

In 1853, a treaty between the English and American governments provided for the settlement of claims remaining unadjusted since the peace of 1814, which had been presented to either government, or might be presented to a Commission within six months.

The Commission appointed consisted of Nathaniel S. Upham of N. Hampshire on the part of the United States, and Edward Hornby of London, on the part of Great Britain. In case of disagreement, an umpire was provided for; and the Commissioners selected Joshua Bates, an American, but long resident in England, and a partner in the house of Baring Brothers.

The proceedings of the commission, which ended about the commencement of last year, have been reported. The Portland Argus has a copy, from which it ascertains that the claims which were before the commission were more than a hundred in number, and involved millions of dollars in amount. The sum awarded was only $600,000, of which more than half came to the United States. Many of the claims were disallowed for want of jurisdiction; in many there were only questions of fact involved, but some of them presented very grave and interesting questions of *principle*. Of this character were the slave cases, "The Creole," "The Hermes," and "The Enterprise." These vessels belonging to the United States, and having slaves on board, were driven by stress of weather into English ports, where the authorities held the slaves to be liberated. In each case, however, the Umpire awarded compensation to the owners of the slaves. He held that slavery, however odious it might be regarded, was not contrary to the law of nations; that a vessel navigating the ocean carries with her the laws of her own country so far as relates to persons and property on board, and that she does not lose this protection because she is driven by stress into a foreign port. This the Argus's statement of the award.

Song Birds. The New York Tribune says fifty thousand song-birds of various kinds are sold in that city every year. The bulk of these birds are canaries, the trade of which is entirely in the hands of five or six Germans. The bird importers depart for Europe about the 1st of August to make their purchases, returning to New York in the course of two or three months. During their absence they travel through the Harz Mountains, purchasing from peasants, who raise them as a pastime, their stock of canaries, linnets, finches, blackbirds, thrushes, and other song-birds. Males are sold in the mountains for $1 to $1.25 each.—The importers have recently returned with a portion of their stocks, and it is estimated that 12,000 birds are now in the city for sale.

Written in a simple, unaffected style, and with a spirit of genuine humanity pervading their pages, these tales touch the heart, and draw the reader closer to his brother man.—They are interesting also as showing many of the peculiarities of life among the lower classes in the Netherlands.

VISIT OF REPUBLICANS TO COL. FREMONT.—On Thursday evening, the New York Republican Central Union visited Col. Fremont at his residence. In reply to their kindly wishes Col. Fremont thanked the club for their attentions, and said:

"Allow me, gentlemen, to return you my sincere and heartfelt thanks for the efficient and powerful aid which you gave to the support of republican principles in the late Presidential canvass. I feel profoundly grateful for the humble representative of those principles, for that support, and for the solid vote which was cast by the State of New York. I am glad to have an occasion of saying this much at least, and of adding that it will be the object of my life to promote the great cause for which you have so laboured with the party, and to do all that I can to advance its principles."

A blind hand-organist, in Rochester, who went about the streets of the city with a pale little daughter, has just fallen heir to an estate in Wales, estimated to be worth a million of dollars. A prominent legal firm in Rochester is now engaged in making out the necessary papers.

The Supreme Court of North Carolina confirmed the decision of Judge Manly, but members of the Universalist Church, are incompetent to testify, in courts of justice in that State.

Anniversary of the Hammond Street Sabbath School.

The twenty-third Anniversary of the Hammond St. Sabbath School was observed in this city Sunday evening, (14th), at the Hammond St. Church. Notwithstanding the storm the school were nearly all of them present with their parents, and a good representation from the other schools.

The exercises were introduced by an invocation from the Pastor, Rev. J. Maltby. Then a Hymn was sung, written by a lady of this city—and select portions of Scripture were read alternately by the Superintendent, Mr. W. H. Mills, and the school. In the course of which, the Lord's Prayer was writily chanted by the school.

Prayer was offered by the Pastor, and the chant "Tis better now, to seek the Lord," was sung.

The Annual Report was read by the Secretary, Mr. E. F. Duren, bringing in review, the history of the year.

The number of Teachers and classes were 37. Whole number of Pupils, 325. Largest number present 278. Average attendance 216. On 31 pleasant Sabbaths, 238—eight cloudy Sabbaths (including two sultry days—) 162.

The amount of contributions for benevolent purposes, in the boxes of each class, was $250. Add amount contributed by the Missionary circle, and the Dorcas Society, and the total of contributions for the year is $300.

Of the above sum, $58 was contributed for the "Morning Star," and $14 for a Library for California.

Letters have been read from William J. Maltby, (one of the Teachers of the school,) from Europe,—from Mrs. Allen, formerly connected with the School, from the American Mission, and from Rev. E. J. Pierce, of the Eastern Mission, which have added much interest to their Sabbath School Concerts, which are held monthly.

Appropriate reference was made to the decease of two Teachers, Mr. George A. Buck and Mr. J. H. Upham—two members of the Bible class, Mrs. Griffin and Mrs. Weeks; and of a little girl, connected with one of the classes. Also to the death of two who were formerly connected with the school.

Three and three District or neighborhood Schools instituted by members of the school and of the Seminary.

At the close of the Report, the beautiful Solo and Chorus was sung, "*Will God I?*"

The address which followed by Rev. Henry K. Craig, of Bucksport, was replete with excellent truths. It represented the Sabbath School, disciple, and institutions as it is, as a most efficient auxiliary in training the young. It was the hope of Society, of Parents, and of the Church. It did not claim to take the work of parents out of the hands but to be a co-worker with them in moulding and directing their children in the paths of virtue and holiness. By a beautiful illustration he urged the young to keep their eye and fix their aim upon noble and worthy objects,—to honor and serve God—and seek a proportion for the mansions of the blest on High. They were over to look up.

After the closing Hymn was sung, entitled, "A Home in the Skies," the Benediction was pronounced by the Pastor.

All must have been satisfied that though there was storm without, yet all was peace and sunshine within.

A NEW DIFFICULTY IN EUROPE has arisen, between Switzerland and Prussia, the latter being backed by the German Confederation. A Paris letter thus alludes to it:

"The Swiss question—at first a snow-ball—is becoming an avalanche. The German Confederation has backed the King of Prussia, who has demanded the unconditional release of the royalists prisoners. This has been point blank refused. The Swiss government sent General Dufour (an old friend of Louis Napoleon's when the latter was an exile in Switzerland) to Paris, to see what line France will take. It must be remembered that Louis Philippe asked Switzerland to hand over Louis Napoleon to him, but Switzerland stoutly refused.

"The hope of an amicable settlement of the matter has therefore not increased, and the Swiss government is preparing for the worst. The effective strength of the Swiss army is returned as 122,913 men and 700 guns. The Federal Government, moreover, can, in case of need, call out the cantonal troops, consisting of upwards of 40,000 men, and would probably recruit the 12,000 Swiss who form the nucleus of the army of the King of Naples. In fact, Switzerland can put on foot a force of about 214,000 men. The Correspondence Prussienne avers that public opinion throughout Europe recognizes the valid right of Prussia over Neufchatel, and concludes by directing attention to the great military power of Prussia."

VOTE FOR COUNTY TREASURER OF PENOBSCOT.—The following gives the official vote for County Treasurer as declared by the Court of County Commissioners, last week:

Whole number of votes,	13717
Ambrose C. Flint has	6197
Benjamin Swett,	6237
Samuel Varney,	147
Gorham Davis,	205
Benjamin Swett,	33
Flint over all others,	1676

The votes for Varney and Davis were returned, through mistake, evidently, for vote for County Commissioner.

THE LARGEST CONGRESSIONAL DISTRICT IN THE UNITED STATES.—The largest Congressional District in the United States, (says the Cincinnati Enquirer) is the Second District of Wisconsin. The usual average for Congressional Districts is from eight thousand to fifteen thousand votes, but this district at the late election, voted thus for Congressmen:—C. Billinghurst had 25,800, H. C. Hobart had 23,448—total vote 49,248. This is enormous, and well illustrates the prodigious growth of Wisconsin within the last five years. By the next census this district will undoubtedly be entitled to at least three members of Congress.

A HOTEL KING. Mr. Paran Stevens seems to deserve that title. In addition to the Revere and Tremont Houses in Boston, the great Hotel at Niagara, and several leading Hotels in the Southern States, now under his proprietorship and direction, Mr. Stevens is to open a new Hotel in Philadelphia. The site is said to be one of the best in the city.

The adulteration and even manufacture of guano are practised in France to an extent which has provoked complaints in the journals and petitions to the Minister of Agriculture.

John Phoenix's Biography of Washington.

In the Knickerbocker Magazine for December, the famous John Phoenix thinks out in a Fourth of July Oration which he was invited to deliver at Fort Vancouver, Washington Territory. From the Oration we extract his biographical notice of General Washington, which contains some outlines of information that appears to have escaped the researches of Irving and Sparks.]

GENERAL GEORGE WASHINGTON.

George Washington was one of the most distinguished movers of the American Revolution.

He was born of poor but honest parents, at Genoa, in the year 1732. His mother was called the mother of Washington. He married early in life a widow lady, Mrs. Martha Curtis. Washington commenced business as a country surveyor, and was present in that character at a sham fight, under General Braddock, when so many guns were fired that the whole army of militia were turned by the explosion, and sat down to supper unable to hear a word that was said. This supper was afterwards alluded to as Braddock's great feat, and the slow, stiff as Braddock, subsequently vulgarized into deaf as a Braddock, had its rise from that circumstance. Washington commanded several troops during the Revolutionary war, and distinguished himself by fearlessly crossing the Delaware river on ice of very inadequate thickness, to visit a family of Hessians or his equivalents. He was passionately fond of green peas and strawberries, and his favorite motto was "In time of peace prepare for war."

Washington's most intimate friend was a French gentleman, named Mr. Cut Doo, who, from his constant habit of saying, was nicknamed "*Laughy yet.*" His greatest victory was achieved at Germantown, where coming upon the British in the night, he completely surrounded them with a wall of cotton bales, from which he opened a destructive and terrible fire, which soon caused the enemy to capitulate.—The cotton-bales being peppered with musket balls were much increased in weight, and consequently in value, and the expression, playfully used, "What is the price for cotton?" was much in vogue for after that battle.

"During the action Washington might have been seen driving up and down the lines, expressed in a coarsely fine-grained Concord wagon, drawn by a bob-tailed gray horse. His celebrated dispatch, "Fent, finished, fell, or, I came and saw in a Concord wagon, has reference to this circumstance.

"Washington has been called the Father of his country; (an unhappy title, more properly belonging to the late Mr. McCluskey, parent of the celebrated pugilist;) the child has grown, however, to that extent that its own father would not know it. General Walker (William Walker) is also called the Father of Nicaragua, and we have no doubt, in case of his death, his children, the native Nicaraguans would erect a suitable monument over his remains, with the inscription, "Go, father, matters worse."

"Washington was a member of the Know-Nothing order, and directed that none but Americans should be put on guard, which greatly annoyed the Americans their comfort being entirely destroyed by perpetual turns of guard duty.

"He was twice elected President of the United States, by the combined Whig and Know Nothing parties, the Democrats and Abolitionists voting against him; and served out his time with great credit to himself and the country—drawing his salary with a regularity and precision worthy of all commendation.

"Although, for the time in which he lived, a very distinguished man, the ignorance of Washington in some things is perfectly incredible. He never travelled on a steamboat, never saw a railroad, or a locomotive engine; was perfectly ignorant of the principle of the magnetic telegraph; never had a daguerreotype, Colt's pistol, Sharpe's rifle, or used a friction match. He ate his meals with an iron fork, never used postage stamps or blacklegs, and knew nothing of the application of chloroform to alleviate suffering, or the use of gas for illumination. Such a man as this would hardly be elected President of the United States in these times, although, it must be confessed, we occasionally have a candidate who proves not much better informed about matters in general.

"Washington died from exposure on the summit of Mount Vernon, in the year 1799, leaving behind him a name that will endure forever, if posterity persist in calling their children after him to the same extent that has been fashionable.

"A monument has been commenced in the city of Washington to his memory, which is to be five hundred feet in height; and it should be the wish of every true-hearted American that his virtues and services may not be forgotten before it is completed; in which case, their remembrance will probably endure forever."

ANOTHER KANSAS DEMAND ON THE TREASURY.—The first movement of the newly admitted delegate from Kansas; it is said, will be the introduction into Congress of a bill to provide for the assessment of damages sustained by the loss and destruction of property belonging to the citizens of Kansas, during the recent disturbances in that Territory. This bill will give rise to an animated debate, and will open up causes and sources of this trouble.

It provides for the appointment of three Commissioners by the President of the United States, whose duty it shall be to visit Kansas, to take testimony in relation to property which may have been destroyed by violence. These Commissioners are to report to the President in time to be laid before Congress at the commencement of the next session.—*Boston Jour.*

BANQUETING REPUBLICANS AND DEMOCRATS.—The Republicans and Democrats of Chelsea met on our Thursday evening, on a Banquet given to Reverdy Johnson, given by the defeated Republicans to the Democracy. Hanson Stebbins, Esq., presided. The custom of the unsuccessful party giving a supper to their opponents has prevailed in Chelsea for the last twenty-four years, and the hope was expressed that four years hence the tables might be turned, and the Democrats called on to foot the bill.

SUFFOCATION OF THE BRITISH CONSUL AT BALTIMORE.—The Baltimore American of the 8th inst., states that a fire broke out about 10 o'clock on Saturday night, in a three story brick house on Walsh street, next door to the corner of Green Willow, which was burned out. The house adjoining was also considerably damaged. In this house was Mr. E. G. Raper, the British Consul for that port, and it is supposed that while asleep the house became filled with a dense smoke, so that before he could be rescued he suffocated.

ACCIDENT.—As Capt. Joseph Badger and lady were riding up Federal street, last Sunday afternoon, on their way to the Congregational Church, their horse became high end and unmanageable, and started off at full speed. The sleigh was capsized and Mrs. Badger thrown from it on the frozen ground, striking upon her shoulders, and breaking, we believe, her shoulder blade. Her sufferings have been intense, but we are glad to learn that she is rapidly recovering from her serious injuries.—[Brunswick Telegraph.]

DEATH OF AN OLD BOSTON PHYSICIAN.—Dr. Thomas Ivers Parker, an old and well known physician, died at his residence in Mason St., on the 10th inst., of paralysis, at the advanced age of seventy-five years and eight months.

DIMINISHING SUPPLY OF LIVERPOOL SALT.

On Saturday evening, Mr. Samuel Bracegirdle, salt proprietor and ship owner of Northwich, called at the Albion office and made the following statement:—The great salt district is composed of two divisions, the Winsford and the Northwich. I own and work a mine in the latter division. For some time past, there has been a gradual decrease in the quantity of brine obtained throughout the district, but within the last few days the yield has decreased fully 50 per cent. The higher mines at Wilesford have completely failed, and those of Anderson and Northwich have fallen off within a fortnight something like 50 per cent. My own mine has decreased to that extent, the brine having subsided 50 eighteen yards from its previous height of thirty-six yards, and it is still on the decrease. The brine in Lord Stanley's mine, in the same division, within the last two days, has decreased eleven yards. It is not unusual for a decrease to take place gradually, owing to the gradual subsidence of land in the neighborhood, but we never remember an instance of so great a change occurring within so brief a period. We account for it from the not, that the land at Dunkirk, which is about a mile distant from the mines, and which had been gradually settling during the past few weeks, suddenly sank, to the depth of a three story building a day or two ago. This, we imagine has altered the position of the strata, and has caused the brine, instead of flowing towards the sea, in which direction all the working shafts are now situated, to flow in a contrary direction. It is calculated that this decrease will take away fully one-half of the present supply of salt which comes to Liverpool from that district. Mr. Fitton, banker, of Northwich, who has a salt mine at Winsford, stopped work yesterday. (Friday.) Dunkirk is high land, and it is supposed that the brine being withdrawn by the mines has caused the subsidence. The present export of salt from Liverpool, obtained from this district, is about 700,000 or 800,000 tons a year, of which about three-fourths go to the United States.—*Liverpool Albion, Nov. 24th.*

A VILLAINOUS OUTRAGE IN THE PUBLIC STREET.—Saturday evening last, as a daughter of Edmund Dorr, Esq., was returning, to her home, at about 9 o'clock, she was met by a person, whose features were hid by a slouched hat and turned up coat collar, who, in the act of passing, suddenly raised his hand and attempted to plant it over the mouth of Miss Dorr. The movement was noticed, and quick as thought Miss Dorr turned her head slightly, receiving on the cheek what was intended for the mouth. Screaming loudly, the ruffian fled, and in a short time several citizens came to the rescue of the fair Dr. She was taken into a dwelling near by, when it was found that the ruffian had attempted to her cheek a plaster of adhesive properties that its removal brought the skin from the face with it. The evident intent of the assailant was to cover the mouth, and thus prevent an outcry, that he might accomplish his fiendish purposes (whatever they might be) with comparative ease.—[Albany Journal.

BLUNDERS OF THE TYPES.—We undertook the other day to speak of President Pierce's Message as his "dying speech and confession." In putting it into type, our expression was improved (?) into his "last *lying* speech," &c.

Another odd-we thus unintentionally were of the President on Friday, we did not treat the King of Denmark much better on Saturday.—We wrote that his conversation evinced "moral idiocy," which his majesty was about receiving a crown. Quite a "retirement" that!

Among the mistakes of the Press reminds us of the misfortunes that befell Secretary Dobbin, about two years since, on his visit to the North. When he reached Portland, Me., the telegraph announced his arrival, abbreviated his title, as usual, to "Sec'y Dobbin." The despatch was printed in the Boston papers "Sec'y Dobbin" and in the New York papers, "The Steamer Dobbin," which in the Philadelphia journals gravely announced that "Lucy Dobbin had arrived at Portland!" The actual Secretary of the Navy, when he read his papers that night, found himself transform ed successively into a Horse, a Woman, and a Steamboat!—*Albany Journal.*

THE EDITORIAL CHAIR.—A young married man complained bitterly to his father-in-law of the conduct of his wife. "Well, well, make yourself easy," replied the old gentleman; "as my daughter behaves so forty bad y, I will take my joy will and disinherit her, my dear son-in-law, the moment she gives you ages a cause for complaint." This threat proved effectual, for from that hour the conduct of the young wife changed; or at least, the father heard no further complaint from her husband.

The State of Maine says:

We see it stated in the Canada papers, that a movement is on foot in Canada to secure the passage of an act of Parliament, by which fugitive slaves may be sent home to the United States.

We should judge that such a movement would not be very likely to succeed.

At Augusta, as we learn from the Banner, they have a weekly "Citizen's Temperance Meeting" for the purpose of reviving an interest in the cause of temperance among all classes. There is great need of effort in this city also, and throughout the State for the same end.—*Hallowell Gazette.*

The New York papers and the Boston Advertiser concur in the opinion, that the picking up of a boat with articles from the French steamer Lyonnais affords presumptive evidence that her passengers had previously been taken off by some outward bound vessel, not yet heard from.

Congressional.

WASHINGTON, Dec. 16.

SENATE.—On motion of Mr. Jones of Iowa, the Committee on Commerce was directed to enquire into the expediency of making a further appropriation of $30,000 for the enlargement of the Custom House and Post Office at Dubuque.

On motion also of Mr. Jones, the credentials of Mr. James Harlan, Senator from Iowa, with the protest of the Senate of that State relative thereto were taken up for consideration.

Mr. Harlan proceeded to speak on the subject, stating the facts with reference to his election, and citing the provisions in the constitution of the United States and the laws of Iowa bearing on the case.

Mr. Harlan said he should not object to the subject being referred to the Judiciary Committee, as moved, although the Committee was composed of those who were politically opposed to him.

Mr. Bayard remarked, as it had been intimated that the Senator whose seat is contested had no political friends on the Committee of the Judiciary, the matter should be referred to a select Committee—there were precedents for such a course.

Mr. Seward said, when the Committees were organized, the minority objected to their arrangement for the reason that the minority were not represented on the important Committees as they ought to be. As a general thing he would prefer these questions to go to the regular standing Committees, but it was the right of the Senator from Iowa, although he had not insisted upon the right, to have some political friend upon the Committee which was to act upon his case.

Mr. Butler observed, he should have too much regard for his reputation as a lawyer to allow his judgment on legal and constitutional questions to be biassed by political friendships; but he would prefer the subject to go to a select Committee, composed of the oldest Senators.

Messrs. Hale and Pessenden preferred that the usual course should be pursued.

The subject was then referred to the Committee on the Judiciary, yeas 31, nays 13.

On motion of Mr. Hale, a resolution was adopted instructing the Judiciary Committee to enquire whether any further legislation is necessary to carry into effect the act regulating the compensation of members of Congress, passed August last.

Mr. Houston gave notice of his intention to introduce a bill providing for the establishment of a mail route, and for carrying a semi-weekly overland mail from the Mississippi River to San Francisco.

The House Bill, providing for the settlement of accounts of officers of the Revolutionary War and their widows and orphans, was then passed till the adjournment. Adj.

HOUSE.—Mr. Etheridge submitted the following resolution, which was read for information:

Resolved, That this House regard all suggestions or propositions of every kind, by whomsoever made, for a revival of the slave trade, as striking at the moral sentiments of the enlightened portion of mankind, and that any action on the part of Congress, legislating or conniving at, or legalizing that horrid and inhuman traffic, would justly subject the United States to the reproach and execration of all civilized and Christian people throughout the world.

Objections were made to the introduction of the resolution.

Mr. Etheridge moved the suspension of the rule.

Mr. Campbell of Ohio, demanded the yeas and nays.

Mr. Walker asked whether if the House should suspend the rules it was the purpose of Mr. Etheridge to move the previous question on the adoption of the resolution in order to cut off debate.

Mr. Etheridge replied that the resolution contained a self-evident proposition. He presumed that every gentleman had an opinion on the subject. He would not discuss it but would move the previous question.

Mr. Jones of Tennessee, wanted Mr. Etheridge to leave out the argument in the resolution saying he was as much opposed to the reopening of the African slave trade as his colleague.

He was here called to order by the speaker, who said that debate was inadmissable at this time.

Mr. Jones said he would not be gagged by neither the speaker or any one else.

Mr. Orr, ineffectually strove to substitute simply—resolved, it is inexpedient to repeal the laws prohibiting African slave trade.

Mr. Etheridge's motion to suspend the rules to enable him to introduce his resolution was carried—yeas 140—nays 63.

Messrs. Greenwood, McMullen Smith of Virginia; Zollicoffer, Burnett, Barksdale and Phillips, severally gave their reasons for voting No, to the effect that while they opposed the reopening of the slave trade they thought the resolution out of character and ill-timed.

Mr. Phillips said he was against abstractions. Gov. Adam's message not being before the House.

Messrs. Kett and Garnett remarked—had they been present they would have voted in the negative.

Further explanations from the democratic side were objected to by many members amid cries of order order.

The demand for the previous question was sustained by 85 majority, and the main question ordered by 41 majority.

Mr. McMahon moved to lay the resolution on the table.—Lost by yeas, 71 nays 137.

Mr. Etheridge's resolution was then adopted by yeas 153, nays 57.

Mr. Orr under a suspension of the rules, submitted a resolution that it is inexpedient, unwise and contrary to the settled policy of the United States to repeal the laws prohibiting the African slave trade. The resolution was adopted by yeas 133, nays 8—Nays Messrs. Barksdale, Burnett of Miss., Brooks, Keitt, Sherrer, Walker and Wright of S. C.

Mr. Washburne of Me., asked leave to offer a resolution calling on the President to communicate a statement of the amount of money paid and liabilities incurred for the pay and support of persons called into the service of the United States, either under the designation of Militia in Kansas, or as a posse comitatus by the civil officers in that territory since the date of its establishment, and for witnesses and arrest, detention and trial of prisoners charged with treason against the United States or with violation of the so-called laws of that territory. Pending this the House Adjourned.

Further News from Nicaragua.

NEW YORK, Dec. 15th.

The steamship Tennessee arrived this morning from Nicaragua, via Key West. The accounts brought by her of Walker's movements are substantially the same as those telegraphed from Charleston on Saturday.

We have no papers and our intelligence is furnished by the purser to the steamer.

Gen. Walker had fought several successful battles since the departure of the last Steamer. He had however on account of sickness prevailing at Grenada found it necessary to evacuate and burn that city, having removed his sick and wounded to Omotepe. He was at Virgin Bay awaiting the arrival of reinforcements when he would make an attack on Rivas.

The naval engagement before reported, took place in the harbor of San Juan, between the Nicaraguan schr. Granada, of two six pounders and 28 men, and the Costa Rican brig Eleventh of April, of 6 nine pounders and 114 men. The latter was blown up, 40 of the crew were rescued by the Granada. The brig had on board a large supply of stores, ammunition and specie for the allied army.

The Tennessee brought upwards of $250,000 in specie and 408 passengers. She left in the harbor of San Juan a large British naval force. The following detailed account of Gen. Walker's movements in Nicaragua has been furnished to our telegraphic agent by Mr. G. H. Lozet, U. S. Inspector of Customs at San Juan Del Sur, November 7th, at 3 o'clock in the afternoon, the Costa Rican army under Gen. Cana, numbering about 500, entered San Juan Del Sur, and took possession of the town. They encamped 4 miles out on the mountains, where they erected strong barricades in well selected positions. On the 8th they were reinforced by about 300 Guatemalians. On the 9th General Hornsby, who was stationed at Virgin Bay, attacked the first barricade, from which he drove them by a flank movement. He had about 250 men with him, and had he followed up his success, I think he could have driven them all before him; but his orders, to keep possession of Virgin Bay, it is understood were imperative, and he had to return to that place fearing a attack in his absence from other portions of the enemy stationed in that vicinity. The number of the enemy killed and wounded in this fight was about 50.

On the 12th Gen. Walker arrived at Virgin Bay from Granada, and, with 250 men, drove the Costa Ricans from their barricades to San Juan Del Sur, whence they fled to Rivas.—Few of the Costa Ricans were killed in this fight. They fled on Walker's approach, with but little resistance.

On the morning of the 13th, Gen. Walker returned to Virgin Bay, leaving 175 men to garrison San Juan Del Sur. On the 15th, Walker marched from Granada to Massaya.—He received intelligence that Hornsby had left for Rivas at the head of 400 men. Colonel Jacques, at the head of 250 men was immediately despatched to protect the Isthmus, which was deemed to be in danger. On his arrival at Virgin Bay, he immediately threw up barricades around the town, made from wood cut for the use of the company's steamers. After two and a half days' fighting, Walker abandoned Massaya, his forces not being sufficient to take it place. He retired upon Granada. He left on the 11th for Virgin Bay with his staff, ten big most of the sick with the women and children, to the island of Omotepe for safety, having determined to burn, and destroy Granada. He left the first rifles and second infantry to accomplish this purpose, and the result had not been heard in Virgin Bay when the steamer left for San Juan Del Sur.

Gen. Walker was anxiously awaiting recruits to attack Rivas. The persons rescued from the Costa Rican brig were, by order of Gen. Walker, sent as prisoners to Virgin Bay and liberated.

Washington Items.

WASHINGTON, Dec. 15th.

The Tribune correspondent writes, that A. B. Harrison of Kentucky, has been telegraphed as the appointment of Judge in place of Lecompte. There are some doubts of his acceptance. He is said to be a man of high tone. He was formerly a law partner of Mr. Breckenridge and executor of Henry Clay.

The Committee of Ways and Means of the House will soon report a bill giving to each branch of Congress entire control of its contingent fund, in effect making the auditing by the committee of accounts final without interference by the first comptroller of the treasury, who by virtue of his office claims a supervisory power as heretofore and which the committee resist. The friends of the French spoliation bill claim that the prospects for its passage are favorable. The aggregate amount of claims is $10,000,000 but one half of that sum only, is proposed as a settlement.

In the U. S. Supreme Court to-day, Judges were present, as well as many distinguished Jurists and Members of Congress.

The case of D. Scott, plaintiff, vs. John F. O. Sandford, came up for argument on a question of law. The plaintiff, a man of color, brought a suit to try his right to freedom. His claims having been emancipated, his master having taken him to reside in Illinois, which act it is claimed by the Constitution of that State, operated to emancipate him. The Circuit Court decided against the plaintiff on the ground that by his return to Maryland his master's right, derived while in Illinois, had revived, and that the Constitution of Illinois was a penal law, which the Courts of other States were not bound to enforce. The case was argued at the last session, but the decision was reserved to allow of arguments on certain points of law. Mr. Montgomery Blair appeared for the plaintiff, and Messrs. Reverdy Johnson and R. S. Geyer for claimant. Mr. Blair opened the case by stating that nothing was said last session on one question upon which the Court invited argument, viz: whether a plea in abatement of the jurisdiction of the Court is waived by pleading the merits of the case. He quoted a decision of Judge Daniels to the effect that the act of 1787, did not change the rule of common law requiring a plea in abatement, unless that judgment is made upon that plea and it is waived. The court cannot take any notice of evidence when trying the law on the subject. Another question is whether the appellant is a citizen of Maryland. Mr. Blair contended that the plaintiff is legally a free man of Maryland, within the 11th section of the act of 1789. It had been objected that he is not entitled to all the immunities of other citizens, but if that is a test of citizenship 4 of the whites of the United States are not citizens, because the census shows that there is not more than one voter in every five inhabitants; therefore that hypothesis does not hold good. The allegation that plaintiff is not a citizen because he does not belong to a particular class, such as are eligible for the Senate for instance, falls to the ground like the other, because there are many citizens of the United States, foreigners by birth, who are not eligible for the Presidency. He referred to Judge Gaston of North Carolina, who decided that all persons born within realm are citizens, that slaves are citizens under disabilities, and foreigners under disabilities which are removed by naturalization. He instanced the Constitutions of various States which declare that every white male citizen shall be entitled to a vote, showing by this language that there are other citizens, and that it is necessary to deny them certain privileges by positive enactment and express law. Mr. Blair thought this special law no rule law for courts of justice, and contended, upon the ground of former ruling of the courts, that the party need not be entitled to all the privileges of citizenship. Judge Gaston states there has been no law repealing the general principle of common law, and that birth makes citizenship indeed. The act of the Maryland Legislature of 1845 expressly recognizes free negroes as citizens, and declares that none shall be those who are not declared by other States as citizens.

It was reported in the House to-day that Mr. Stephens of Ga., has sent a challenge or a note preliminary thereto to Mr. Hill, one of the Fillmore editors of that State. Their difficulties grow out of a question of veracity concerning the terms agreed on by them for conducting public discussions during the Presidential contest.

Edgar M. Garnett of Va., has been appointed Assistant Clerk in the Court of claims at a salary of $2000 per annum.

A Severe Gale.

BUFFALO, Dec. 15.

A severe gale commenced here yesterday forenoon and continued until a late hour last night. It was accompanied with frequent squalls of rain, hail and snow. Much damage was done to buildings and docks. The Canada dock, with Walker & Co's warehouse, was entirely destroyed. Several buildings were unroofed and otherwise damaged. The water rose this afternoon and flooded the docks, entering the cellars in the lower part of the city. Many build ng were blown down in all parts of the city. Two of the turrets of the Lafayette St. Church were blown over during the service yesterday morning and a portion of the roof broken in and the building sustained other damage. Fortunately no one was hurt. The track of the Niagara Falls Lake Shore R. R., is torn up for a distance of half a mile, and the embankment is washed away. Communication will be interrupted for several days. The gale was the most severe that we have experienced for years.

NEW YORK, Dec. 15.

The gale of yesterday afternoon and evening did much damage in Brooklyn to buildings, awnings, shutters, &c. A row of four brick buildings, in progress of erection in Hamilton Street, was blown down. A row of four brick houses on the corner of 6th Avenue and 14th Street, were unroofed. These houses were nearly completed, but were unoccupied.

DeGunnon's Improved

Non-Explosive Camphene & Fluid LAMPS and CANS.

HAVING purchased the Patent Right for the State of Maine, for the above Lamps, I am now prepared to offer them to purchasers in every variety, adapted to the use of Parlors, Churches, Stores, Factories, Vessels, Steamboats and Railroads.

These Lamps are constructed on scientific and philosophical principles, and are the *only sure* protection against explosion from Camphene and Burning Fluids, being made of the most durable materials, not subject to accident from breakage or corrosion—will burn freely without smoke, giving an equal and steady light, (the nearest to gas ever produced.)

The above Lamps have proved, after four years trial, to be the best Lamps in use, giving universal satisfaction, and proving perfectly safe.

These Lamps will be sold at wholesale or retail, *cheaper* than the old hazy Camphene and Fluid Lamp, by J. S. RICKER, *No. 13 West Market Square*, Bangor, Me.; cooler in Lamps, China, and Crockery Ware.

California Steamers,
Carrying the United States Mail.

5th and 20th of each Month.

Greatly Reduced Prices! 100 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus, via Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers, *without any extra charge*. This is the *only* line giving entire through tickets, including meals, on the Isthmus.

Travel made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and Passengers, thus securing passengers by the Mail Lines a more *rapid passage*, without any detention on the Isthmus.

Tickets must be signed by one of the Company's Agents before they will be recognized by the Agents at Panama, and Tickets thus signed can be obtained of the *only authorized Agents* for the Atlantic and Pacific Mail Steamship Companies, in this city C. L. BARTLETT, Agent,

PROFESSOR WOOD'S
HAIR RESTORATIVE.

It Has Worked Miracles!

THAT ALL THE BALD AND GRAY can be restored perfectly to original growth and color, so far as their locks are concerned, I do not admit of doubt; besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching, or in the shape of cutaneous eruptions—every pimple, blotch—in fine, no possible case will it fail of curing, as it by magic, nervous or periodical headaches, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling to any imaginable age. Read and judge.

MILLVILLE, Worcester Co., Mass., Nov. 1855.

PROFESSOR WOOD—Dear Sir—I take pleasure in bearing testimony to the magic effects of your Hair Restorative. Half the hair on my head (the side of which I commenced using your preparation) came out, and I commenced using your Restorative. It stopped the falling, and in a few weeks the hair came in as thick as ever, but a little darker, and it has continued to come out as thick as ever.

Very truly yours &c.,

HENRY GOODRICH.

MILLVILLE, Mass., Aug. 9, 1854.

DEAR SIR—Nothing but a duty and sympathy that I feel to the suffering prompts me to write this. Your Restorative would induce me to do so. I have received your Wonderful Restorative. When I first commenced using it, my hair was quite gray, and in patches entirely bald. I have washed the Restorative on the bald parts, and my hair is restored to its natural color, thick, and the new hair is three inches in length in the spots where it was bald. I feel also that my health is improved, as I am free from headache, which before was constant, and it has ceased to come out as formerly.

Respectfully yours &c.,

HENRY A. STODDARD.

From Mrs. Ingalls, and known wherever Known.

BOSTON, Oct. 19, 1855.

GENTS—At your request, and being so highly praised when I recommended the Restorative, I am bound to state that my hair had become very thin, and quite white, but by the use of two years bottle of your Restorative, it has grown to its natural color, and is as thick as ever, and is quite free from dandruff, which before was very troublesome. It is also free from scurf, and has a healthy appearance. I feel bound to say that I have used other articles with more or less success, but none to compare with your Restorative.

Yours respectfully,

MRS. INGALLS.

The following is from the Pastor of the Universalist Church, Hingham, Mass.

HINGHAM, Jan. 19, 1856.

PROF. WOOD—Dear Sir—I bring testimony of your Hair Restorative; it gives me pleasure to say, that the effects have been entirely satisfactory. My hair was thin and gray, and a constant annoyance. It nothing with which I have been troubled to an any bottle, and hair is now as thick as ever, the hair, which was becoming gray, is now of its natural color. It has proved to be the article we claim it to be, and I can recommend it to all who are troubled with gray or thin hair.

Yours truly,

J. K. BRAGG.

(From the Jersey City Telegraph.)

WE HEAR MUCH—THE WORLD IS FAST FILLING WITH PATENT NOSTRUMS—but we do not usually pay much attention to them, or even give a passing notice, but this the only man, that *I know* to be what it claims to be—it restores the hair to its natural color. It is not a dye, it leaves no stain, but leaves it soft and glossy, and in a healthy state. Sold by druggists.

Prepared only by PROF. O. WOOD & CO., Proprietors, 312 Broadway, N. York.

Sold by H. H. HAY, Portland, and by druggists everywhere.

DYER'S HEALING EMBROCATION
AN EXTERNAL AND INTERNAL REMEDY.

A PERFECT PAIN DESTROYER.—Dyer's Healing Embrocation.

BY the use of one bottle of Dyer's Healing Embrocation Complete Stasen (Providence) was entirely cured of sore lungs, from which he suffered severely.

CERTIFICATES are being daily received from persons of the highest respectability, in favor of Dyer's Healing Embrocation.

DYER'S Healing Embrocation cures Rheumatism, Cuts, Wounds, Bruises, Sprains, Piles, Sore Throat, Neuralgia, Blisters, Scalds, Swellings, Ague, Toothache, Headache and all external and internal pain.

EVERY Workshop and Factory should keep constantly supplied with Dyer's Healing Embrocation.

FROSTED flesh, bites of insects, &c., passed by Dyer's Healing Embrocation.

GEO. McBRIDE, of New York, sprained his ankle. Dyer's Healing Embrocation cured it.

HEADACHE and Sea Sickness, cured by Dyer's Healing Embrocation.

INTERNALLY used, Dyer's Healing Embrocation is of the greatest value, particularly in cases of cramp, cholera morbus, dysentery, &c.

JOSEPH A. CARR, of the Providence Tribune, was severely attacked with cramp in his stomach, but found immediate relief in a single dose of Dyer's Healing Embrocation.

KNOW ye, in truth, that Dyer's Healing Embrocation is the best external and internal remedy ever discovered.

LEAVE a small stain upon the dress or skin, constant use of it effects just as favorably as application. Dyer's Healing Embrocation is the admiration of all who have used it.

MOTHERS and Nurses should read carefully the testimony of Mrs. R. Wilmarth, which may be found in the pamphlet which accompanies Dyer's Healing Embrocation.

NO family should be without Dyer's Healing Embrocation.

ONE bottle of Dyer's Healing Embrocation will relieve the most immense amount of suffering.

PILES relieved by two applications of Dyer's Healing Embrocation.

QUESTIONS Whether the most effectual remedy for rheumatism, cuts, wounds, sprains, bruises, and pain external and internal diseases? Answer—Dyer's Healing Embrocation.

RHEUMATICS one and all, use Dyer's Healing Embrocation and be cured.

SPASMODIC affections, pain or soreness in the side, back, throat, chest, or stomach, cured by Dyer's Healing Embrocation.

THE invaluable value of Dyer's Healing Embrocation has been conclusively proved, and no prudent family should suffer themselves to be without it.

USE Dyer's Healing Embrocation. Many of the most eminent physicians recommend this wonderful preparation with the most perfect confidence, and freely prescribe it to their patients.

VERY IMPORTANT—That every person who uses Dyer's Healing Embrocation procure a constant supply of Dyer's Healing Embrocation by them. A single dose often proves the most fearful consequences.

WE warrant entire satisfaction to all who use Dyer's Healing Embrocation.

EXPERIENCE has taught thousands the great value which is attached to Dyer's Healing Embrocation.

YOU never need suffer pain if precaution is taken to keep Dyer's Healing Embrocation on hand.

ZEALOUS in good work is he who is constant in his efforts to relieve the sufferings of his fellow men. Such a one is sure to commend Dyer's Healing Embrocation to his suffering fellows, internal or external pains.

TREMONT MILLS.

Teas, Coffees, Chocolates, Cocoas, Spices, &c.

WHOLESALE AND RETAIL IN SMALL PACKAGES.

E. DOYER & CO.

(Sign of the Chinaman grinding Coffee,)

141 WASHINGTON STREET BOSTON,

Supply the best, finest and purest articles at the *lowest Cash prices*. Their Stock consists of

Teas, Coffees, Chocolates, All spices, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Tumeric, Corn or Prepared Starch, Indian Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on *having them pure and genuine*, as they are put up under my own immediate label, "TREMONT MILLS, E. DOYER & CO." To give consumers an idea of prices, we annex the following scale of prices, viz.:

5lb. Java Tea, 1,50 5lb. Mocha Coffee, 1,00
5lb. Oolong Tea, 1,75 5lb. Java Coffee, 90
5lb. Young Hyson Tea, 1,50 5lb. Good Coffee, 1,00

The Spices are put up and sold in tin cases, expressly for family use, and are warranted to be strictly genuine, and only need a trial to establish their superiority.

SPANISH COFFEE—We would call the attention of consumers and dealers to our *Spanish Coffee*, as an article which is highly esteemed, and of great delicacy of flavor and flavor. It is prepared with part Coffee, and by a peculiar process of roasting, one pound of this coffee, it is said, is equal to 4 lbs. of any other.

DANDELION COFFEE—This article is carefully prepared by our mills, and put up in packages having our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

CARAMACUM, or *Prepared Dandelion Root*, this article is prepared and roasted at our Mills, is found by Family Grocers generally in England and Europe, and bearing our trade mark, "*Caramacum, Spring coffee*," may be relied upon as the *genuine article*. The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and is warranted to be the same as that which has been sold for fifty cents a pound by the Grocers.

The medicinal properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

Be careful to observe that all our *Coffees* have our trade mark, "Chinaman grinding coffee."

To *Grocers and Dealers* a liberal discount is made, enabling them to supply their customers at home on low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system; and we confidently invite an examination of the *quality* of our goods, and the prices, as compared with those of any other house.

AYER'S Cathartic Pills

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK

Invalids, Mothers, Physicians, Philanthropists, read their Effects, and Judge of Their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach,

DR. J. C. AYER, Sir—I have been repeatedly cured of the worst headache by your pills, and believe they can have by a dose of two of your pills. It is such a medicine as this which they cleanse so well that they will cure others as they do me, the fact is worth knowing. ED. W. PREBLE.

Clerk of Kennedy Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., Feb. 1856.

DR. AYER: I have used your pills in my family, and hospital practice ever since you first put them out, and hesitate to say they are the best cathartic we employ. They regulate action on the liver so quickly and well, consequently we pay no more attention to remedy for derangements of that organ. Indeed, I can seldom fix a case of Dyspepsia or Costiveness that I feel I must readily yield to them.

Paternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

FORT GRATIOT, HARBOR, LIT. CO., MICH., Nov. 16, 1855.

DR. AYER: Your Pills are the perfection of purgatives. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had fallen bed, and my wife cured him with two doses of your Pills, while others around had paid from five to twenty dollars doctoring bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good as it honest, will be prized here.

GEO. J. GRIFFITH, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev. J. F. Hurd, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit, in cases of indigestion, to regulate the organs of digestion, and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIERNE.

WARSAW, TUSKING CO., O., Oct. 24, 1855.

DEAR SIR: I am sold in your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores on her neck and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ABA MORGHOUSE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 5, 1856.

DEAR SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and I found no rest from the neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Hickenlooper, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

BENJ. CHAMBERS, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

For Dropsy, Plethora, or Kindred Complaints, requiring an active purge, they are an excellent family.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even **Deafness**, and **Partial Blindness**, have been cured by the alterative action of these pills.

Most of them, as in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its injudicious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We feel not boast to the public of the virtues throughout every town, and almost every hamlet of the American States, is a wonderful cure of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its efficacy, and fewer yet the hearts within which have not sent up thanks for such a blessing as the victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful and late yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy it can be employed for infants and young persons. Parents should have it in their medicine chests against the attacks of the croup, to which they are exposed. We have abundant grounds to believe that Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cover your children with it while they are curable, for neglected it will fix the malady upon them, and perhaps conduct them to the untimely grave. Its power over the most alarming cases of pulmonary complaint is well known to the public, and we need only assure the afflicted that it still retains the virtues which have rendered it the delight of the sick and the terror of the pulmonary disease.

Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric, either of cloth or leather they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S MACHINES ALWAYS OPERATE PERFECTLY, being strong, durable, and complete in construction and workmanship. A Perfect Sewing Machine kept employed affords a clear profit of $1000 a year, but an imperfect one is a cause of constant vexation and loss. The entire *reliability* of our machines is the great reason for their unparalleled popularity.

MACHINES FOR FAMILY SEWING, of a full and delicate construction, are recommended by other manufacturers. Such machines are made to catch the eye, not to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skillful hands than those sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for all other purposes must be best for family use, and they are so. The speed of our machines has lately been doubled. No other can compare with them in quantity of work.

Now machines, of the latest improved style will be exchanged on liberal terms for old sewing machines, of our own make, or for operative machines of other manufacturers. Local agents wanted to sell our machines.

N. B.—All persons desiring full information about sewing machines, can obtain it by applying for a copy of I. M. Singer & Co's Gazette, a paper devoted entirely to the subject. It will be sent gratis. I. M. SINGER & CO.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional diseases arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all early Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in the United States, and have given to patient and practitioner the highest degree of satisfaction in the various complaints for which they have been employed; whether in town, country, hospital, or private practice, they have invariably proved the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the cases for which they are recommended. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require long decoctions in the preparation, and the employment of different menstrua in successive operations to take up the extractive matters, and in consequence, are not frequently improperly made, and not unfrequently much adulterated, and rendered totally inert, to the injury of our good name. The management of these medicines intrusted with persons of medical skill and experience, and the employment of the best
